Good afternoon,

The Beacon House can no longer take the trash bags from the trash cans back to their location. Currently, they service 93 trash receptacles and they are out there daily.

My proposed solution is to add a few 4-yard trash bins throughout the downtown.
Would you have a location available that we could add a trash bin? Alternatively, do you have an existing underutilized trash bin that we could increase the frequency and/or upgrade the size from a 3-yard to a 4-yard? Their dimensions are the same but the 4-yard is taller.

I have until the end of the year to completely resolve this situation. Please let me know if you can be of assistance.

Best regards,
Lorena Parker
